F R A N C I S
S I L V A

P R O F I L E

As a highly innovative and rigorously trained fresh graduate, I bring with me a wealth of experience gained through internships in software engineering. My motivation is unwavering as I seek opportunities to collaborate with seasoned software engineers and experts across various industries. With a strong commitment to teamwork, I am eager to leverage my skills in software development and problem-solving to enhance the user experience of any digital product or platform. I am dedicated to continually refining my abilities to ensure optimal performance in the workplace.
